Beschrijving:

Living by the sea is a privilege. Waking up to it every day is a luxury enjoyed by only a few. Some homes stand out because of their size, while others capture your heart because of their location. This apartment belongs to that select group of properties where the true star of the show is the sea. This 54 m² beachfront apartment offers a rare combination of features: an exceptional frontline beach location, a sought-after south-facing orient...
